

Northern Education Trust

Scheme of Delegation

Adopted: 13th December 2017

Effective Date: 1st January 2018

Rationale

As a charitable company limited by guarantee, Northern Education Trust (the “Trust”) is governed by a Board of Directors also referred to as Trustees (the “Trustees”) who are responsible for, and oversee the strategic control, management and administration of the Trust and the academies run by the Trust.

The Trustees are accountable to external government agencies including the Department for Education (including any successor bodies) and Charity Commission for the quality of the education they provide and they are required to have systems in place through which they can assure themselves of quality, safety and good practice.

The Trust entered into a Master Funding Agreement in March 2012 with each Academy being governed locally by a Supplemental Funding Agreement.

In order to discharge these responsibilities, the Trustees appoint people who are more locally based to serve on a board (the “Academy Council”) which has been established to ensure the good governance of the Academy.

This Scheme of Delegation explains the ways in which the Trustees fulfil their responsibilities for the leadership and management of the Academy, the respective roles and responsibilities of the Trustees and the Academy Council and the commitments to each other to ensure the success of the Academy.

This Scheme of Delegation has been put in place by the Trustees at each NET Academy from the Effective Date in accordance with the provisions of the Trust’s Articles of Association (the “Articles”) and it should be read in conjunction with those Articles. References in this Scheme to numbered Articles are to the relevant clause of the Articles.

For the avoidance of doubt where any extant NET policy conflicts with this Scheme of Delegation, then the Scheme shall take precedence. In all issues of interpretation, the decision of the Chief Executive, in conjunction with the Chair of the Board, is final. Where policies are not included in this Scheme of Delegation these are a matter for the Chief Executive and Trust Board.

General Information

The Trust's mission is as follows:

Our Vision

Our vision is to be the leading multi-academy trust in England by continuously improving what we do and the outcomes for young people.

Our Purpose

We provide education to primary pupils and secondary students in academies in the north of England.

We aim to transform young people's lives through excellent learning experiences leading to outstanding outcomes that ensure they can fulfil their potential.

The Best Provision for Young People

- We provide excellent teaching.
- We deliver excellent outcomes.
- We provide excellent support for each individual's safety and personal development.
- We provide excellent sports, creative arts, outdoor education and leadership development.
- We nourish strong partnerships with families to support their children's learning.
- We work in partnership with other agencies to keep children and young people safe
- We provide excellent environments within which to learn.

The Best Value for Money

- The Department for Education consider the provision in our academies to be value for money
- Our academies contribute to the success of the communities they serve.
- Our academies and the Trust work in partnership with stakeholders toward common goals

The Northern Education Trust derives its inspiration and values from the wealth of experience amongst its trustees and education leaders. These values provide the basis of our work with pupils and students in our academies. We expect all adults who work for the Trust to share our commitment to safeguarding and the health and wellbeing of our students. We work in a multi-cultural society and are proud to be based in the North of England.

The Trust's academies are located in diverse communities, some of them located in and serving some of the most deprived communities in England. Whatever the area, we believe that with high quality teaching, the right help, and high expectations even the most vulnerable children can transform their lives and fulfil their potential.

Our Principles and Values

Our values are the set of guiding principles which, taken together, define what we do and how we do it. They allow us to make decisions and take actions which drive us towards our vision. Our values ought to be seen throughout the Trust and in every one of our academies. They are the foundation upon which we expect everyone to demonstrate in everything we do, at every level, in order to achieve our strategic objectives.

The welfare of others is the first concern of all

Such a guiding value requires all those skills and attitudes that encompass such words as tolerance, flexibility, sensitivity, compassion and respect.

The education of every child is held to be of equal value in the comprehensive community school.

This principle applied to practice, needs more precise thought, determined implementation and constant monitoring than systems pretending greater simplicity. It must overarch decisions, guide planning and inform the style of relationships in each academy. It is through the discovery of organisational and human relationships which reflect this principle, that expectations can be raised.

Exercising ethical stewardship of the Trust

The commitment of trustees and our staff to high levels of probity and transparency, whilst making the best use of all our resources to provide the education for children and young people so that they can fulfil their potential.

Developing leaders

The Trust aims to employ and retain people of talent and integrity who are committed to working together and to supporting its principles. Relationships are based on mutual consideration, courtesy and respect, with as much equality between its members as differences of responsibility permit.

A Single Rule

There is a single overarching rule that the Trust expects to be promoted and upheld by staff in the Trust and its academies:

“All pupils, students and adults are expected to behave in a responsible manner, both to themselves and others, showing consideration, courtesy and respect for other people at all times”

Northern Education Trust Academies

Each Academy is ultimately governed by the Trust (NET). NET shall have regard to (but for the avoidance of doubt shall not be bound by) any guidance as to the governance of the academies that the Secretary of State may publish. NET will establish, for each Academy, an Academy Council, whose governors' role is to oversee the running of the academy on behalf of the Trust. The membership of the Academy Council shall be for NET to decide in consultation with the Chair of the Predecessor School Governing Body. However, this document is intended to stress the critical role that Academy Council have and their decision-making powers.

Communication between the NET Board and Academy Council

The Board meet regularly and as often as necessary. The Chair of NET and Chief Executive will schedule meetings with the Executive Principals/ Principals and Chairs of the Academy Council as and when required. This provides an opportunity for information sharing between NET and Academy Councils and have issues raised which may have influence across its broader family as well as particular institutions. Feedback from the Trust will be a standing item on all Academy Council agendas.

Central Functions

As part of a Family of Schools we aim to have the greatest amount of impact with efficacy. We aim to be one of the most cost-effective academy groups in the country. A contribution of 5% of each academy's mainstream GAG Funding (excluding PFI) is levied which enables all academies access to a whole range of functions and services as and when required. This excludes any surplus carried forward, income generated by the Academy or other specific targeted grants. In addition, when necessary, specific charges are made for bespoke intervention when curriculum and performance require e.g. long term or significant deployment of Directors.

Deployment of Directors

The ultimate responsibility for the deployment of Directors belongs to the Chief Executive. This will be based on identified need. Academy Principals should discuss their requirements with their Executive Principal who will then broker that support on their behalf.

Budget Setting

All final Academy and Central team budgets must be submitted to the Board for ratification in time to meet ESFA deadlines. Budgets require consideration by the Academy Council, Principal, Executive Principal, Chief Executive and Chief Operating & Financial Officer prior to being presented and approved by the Board.

All Principals in conjunction with their Academy Council will submit their Academy Improvement Plan, Summary SEF and Curriculum Led Financial Plan to the Chief Executive by the beginning of November each year.

Across the academy, Principals will work within specific parameters as follows:

- Contact Ratio at 0.79
- Curriculum Bonus < 8%

It is acknowledged that for new schools joining the Trust that there will be a legacy curriculum in place. The following parameters for 1 year across the academy overall apply in this situation:

- Contact Ratio at 0.79
- Curriculum Bonus < 10%
